Hi Michelle,

I believe I have finished updating all of the comp sheets below (minus the two that I emailed Vanessa about). One issue that I did run into was for the R&D Project Manager comp sheet. You mentioned that there was an individual contributor level for the "Project/Program (Design) MGMT" survey match, but I couldn't seem to find one. The only other match I was able to find was the "Project/Program (Admin) MGMT". Is this the one that should be used?

If you have any questions or need me to make any changes at all, please let me know!

Thanks!
Brandon
